

# HYDROLIFE

## 3-Stage Water Filter with Brushed Nickel Faucet: WDRUST

**WQA Certified Filter**  
Get Rid Of **99.2%** Chloramine

Tested and Certified by **WQA** against **NSF/ANSI Standard 42** in model **EWF-8016H** for the reduction of the claims specified on the Performance Data Sheet, and to **NSF/ANSI 372** ( $\leq 0.25\%$  lead).

**Long-lasting and stable use**

**Service Life:**

- 1 Stage: 6 months
- 2 Stage: 8-12 months
- 3 Stage: 12-18 months

\*The service life mentioned above is subject to chlorine reduction. Actual service life depends on the local water quality.

The Hydrolife 3-Stage water filter is installed neatly in your kitchen with a stylish, separate brushed nickel faucet.

The WDRUST is an exceptional water purifier that eliminates bad taste, foul odours, heavy metals, chlorine, and other impurities from your drinking water, making it the perfect choice to keep your home or office healthy and hydrated with pure, clean water. With a flow rate of up to 3.8 litres per minute, this system is tailor-made to remove Chloramines, which are a by-product of the municipal water disinfection process, by utilizing cutting-edge technology.
